I propose an agenda item.

Preface: I understand Ms Wallace is a 'professional administrator', and she does not answer to the TFAC.

For the benefit of visiting community members, time should be set aside for Ms Wallace to describe the role of the TFAC, and explain what the TFAC's role in advising the county council was concerning proposed Ordinance 2014-108, and should the ordinance pass, what the TFAC's continued role would be.

Thank you.
