

(This is a cut and paste of an email sent to council members on March 18th.)

Greetings;

I have just received a copy of proposed amendment 1 dated today (3/18/2015) to Proposed Ordinance 2014-108s, and I applaud the work of Ms McDonald in this proposal, and wholeheartedly ask the remaining council members to welcome this with open arms and pass, without delay, this amendment so that when the ordinance comes before the council for final approval next week, we can return to normalcy on the airports.

Regards,

Michael Thompson
